

# Ann Boulton

## STARTING OVER

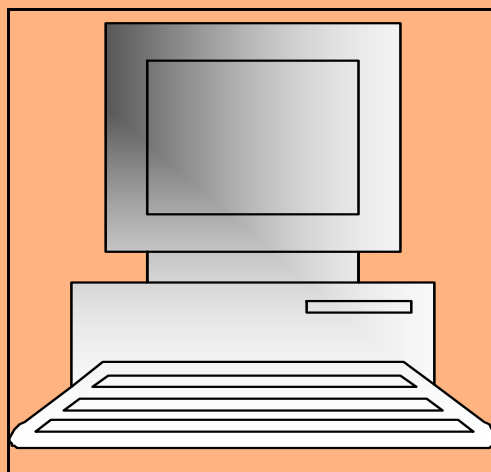

**A**nn Boulton has recently been attending The Bridging the Gap Through Technology ICT Course at South Hylton Tansy Centre.

My ICT skills have increased over the duration of the course By getting to grips with such packages as Microsoft Word and Microsoft Publisher. I have also picked up new skills by using Windows Movie maker.

These new found skills will increase her employability as Ann is looking for a change in career.

She has been

unemployed for the past ten years and is hoping the new skills she has will assist her within youth work as she is an active volunteer in this field.

Hi my name is Ann Boulton I am 57 years old. I have lived in South Hylton for 27 yrs.

I have two daughters Claire aged 34, Kelly aged 31 I have 3 grandchildren Jonathon, Thomas, and Erin. I see my children and grandchildren everyday as they come to visit me after school. My hobbies include knitting, crosswords, sewing, as I now have time to do all these things. Doing this I C T course has been fab it has got me out to meet new friends. I cannot wait for the next course to begin as I have enjoyed the course so much.

### My Family
