

# Summer School Enterprise Days

High energy - high impact fun activities

Learning while doing

Team building

Task & time management

Communication

Problem solving

Now on offer from award winning Education Business Connections

On offer from just £475. Book early to avoid disappointment!

## Morning Sessions

High energy, competitive, fun but focussed, activities designed to develop key employability skills including communication, teamwork, problem solving, task and time management

**Body Matters** - an innovative activity designed to embed good communication skills.

**Ponder the Puzzle** - Jigsaws were never this fun! Beat the clock and complete the puzzle - enhancing teamwork and time management in the process.

**Magic Memory** - Everyone is challenged to remember, remember .... and score team points in the process.

**Creative Constructions** - How high, how tall and how creative? Team work redefined!

## Afternoon Sessions

Hands on fun, practical tasters of the world of work and business designed to develop dexterity, ideas generation, thinking skills, problem solving and the imaginative use of ICT. Pupils will develop key skills through four or five activities. Examples include:

**Peg Board with Nissan** - Testing pupils' dexterity or a mini production line.

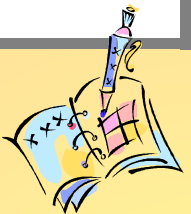

**Escape from the Castle with Newspapers in Education** - pupils must find items in a newspaper to help them escape from a castle and write about their adventure.

**Grappling with Gravity** with Durham University - taster science activities to introduce the concepts of gravity, forces and wind speed.

**Excel Yourself** with IWK Consultancy - a creative look at spreadsheets and graphs.
